## PRESIDENT'S MESSAGE

Welcome all members to the February ARCUS

Well it's the start of a new year that I hope it will be safe and prosperous for you all.

Firstly, I would like to welcome new members to the society and returning lapsed members who have reconnected with us.

If you know of anyone interested in re-joining or even upgrading their membership the process has been simplified so I urge you to apply. Gillian Isoardi is our Membership Manager, and I am sure she will be able to guide you through the process.

I would like to welcome Mr Mark Devin to the Committee. Mark will be looking after the Education portfolio. Please reach out to Mark for any questions on courses and education.

Our awards entry portal will be open soon for members to enter lighting designs and luminaire designs for our judging panel. Please keep checking the web site and look for some useful tips and information on how to enter to get the best result

The judging panels will be using a different format in 2022 and the activities on the awards night will change from last year's awards.

We are also changing venues. The date is the 11<sup>th</sup> of November, and the venue has been confirmed to be the Princess Theatre on Annerley Road, Woolloongabba.

We are looking to have a welcome back meeting. The details are below in this newsletter.

That's it from me for this month. Enjoy this addition of Arcus.

As always, please don't forget about our social media platforms:

Or feel free to message me at [gldpresident@iesanz.org](mailto:gldpresident@iesanz.org)

## AWARDS 2022

Get ready for the lighting design awards in 2022.

Feedback was received last year that the online submission system needed some improvement, so work is continuing this year to improve this. The aim being to iron out some of the problems previously experienced.

We are also working to establish this year's entry open date. The aim is to have the portal open early so there is plenty of time to submit your awesome projects!

Remember that every entry is judged on its own merit. It is not a competition. Anyone, anything and everything can be awarded. We are also always looking for new judges, so if you are reading this and fancy the challenge of judging the IES awards this year, please get in touch.
