

QLD CHAPTER NEWSLETTER

Photo from the Queensland Chapter archives

The Illuminating Engineering Society of Australia and New Zealand is an organization with Chapters in the five mainland States of Australia and New Zealand. The Society operates under the name: IES: The Lighting Society.

The aim of the Society is the advancement of the art and science of illumination and the dissemination of knowledge to all interested parties. The Society's diversified membership includes engineers, architects, educators, students, contractors, manufacturers and designers.

Arcus

Arcus is the official newsletter of the QLD Chapter of the Illuminating Engineering Society of Australia and New Zealand.

Memberships

There are two types of membership available; individual and corporate (or company).

For further information on membership contact Queensland Chapter at the ies website.

PRESIDENT'S MESSAGE

Welcome everyone to the June instalment of Arcus

The next Technical meeting is a visit to GM Poles at Richlands Time to be announced 14th August 2021

GM Poles would like to welcome IES QLD to Australia's largest pole factory located in Richlands, Brisbane. We would love to explain a little about what we do including:

- Upgrade hurdles: what to look out for when changing existing HID luminaires to LED
- How to design a pole: a crash course for landing a job as a pole engineer
- This goes with that: getting the right pole to suit the right light fitting
- Poles can be smart to: an introduction to multifunction structures
- Getting to the top: access options for pole mounted equipment

We would also love to take you into our factory and onto our 6m high viewing platform so you can see how we manufacture the structures that support what you do.

I am sure that the meeting will be a huge success so please try to come along

During our efforts to celebrate the 91st Year of the IES I am searching for old pictures from older Technical Events, IES dinners and award nights. If you have some in your possession, please share with us the pictures and back stories that highlight our rich history.

The online entry form for those entering Design Awards and Luminaire and Innovation Awards are now live so please check out the website to place your entries

That's it from me for this month. Enjoy this addition of Arcus. Stay safe and well

As always, please don't forget about our social media platforms:

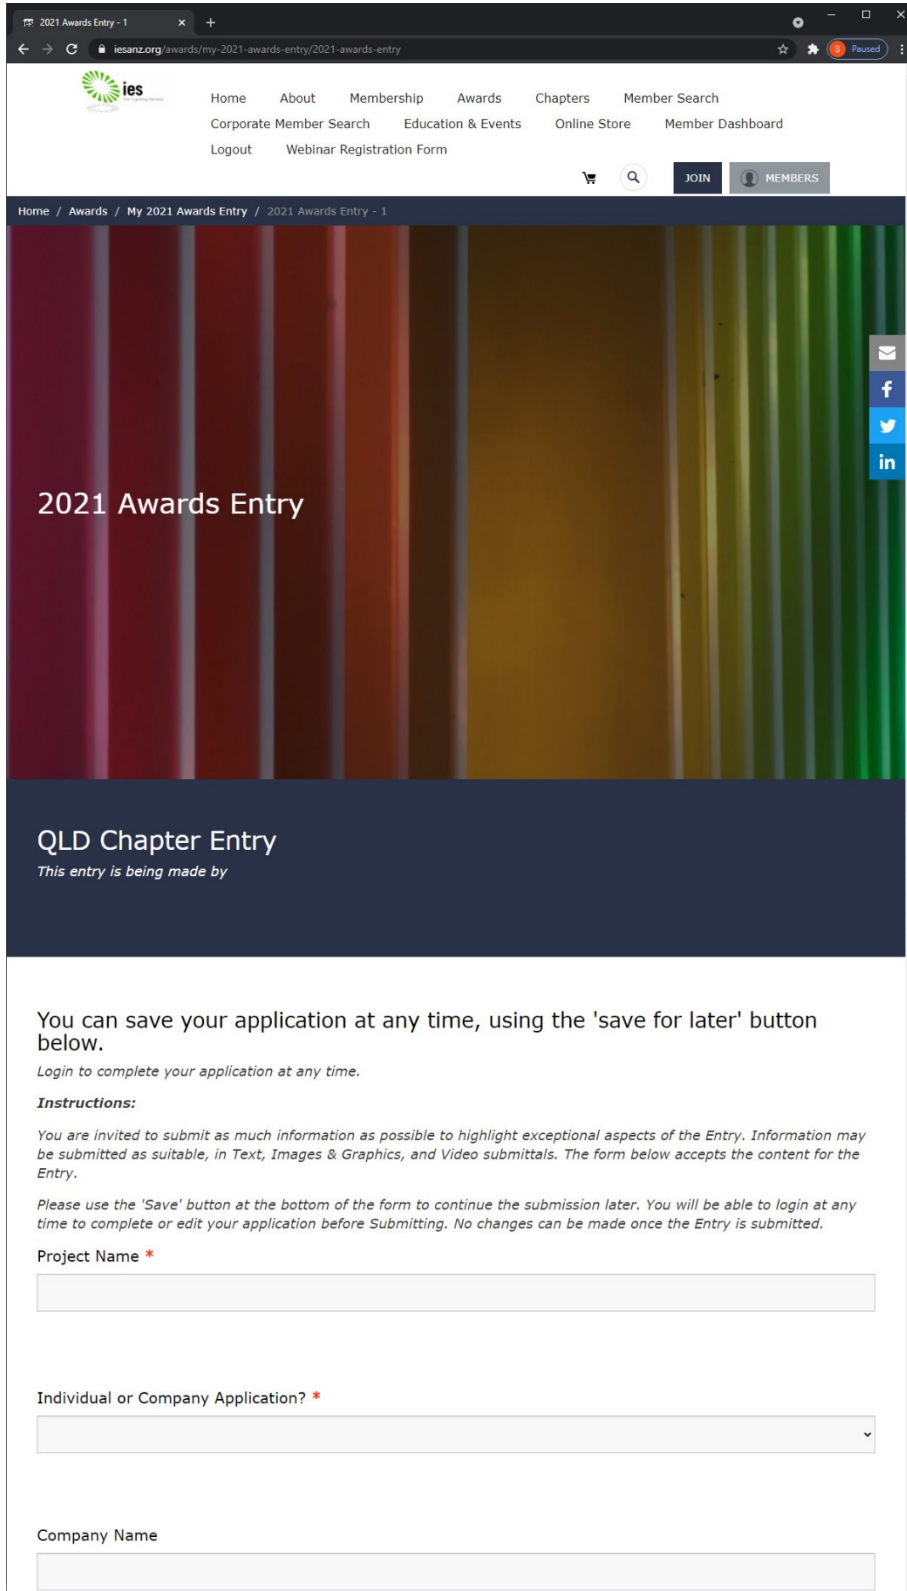

Or feel free to message me at gldpresident@iesanz.org

QUEENSLAND LIGHTING DESIGN & INNOVATION AWARDS.

Website entry forms have now been released for 2021. This year entries are open for both 2020 & 2021 submissions.

The 2021 LiDA application process is 100% online. The process has been simplified as per the following example:

The screenshot shows a web browser window with the URL iesanz.org/awards/my-2021-awards-entry/2021-awards-entry. The page features a navigation menu with links for Home, About, Membership, Awards, Chapters, Member Search, Corporate Member Search, Education & Events, Online Store, Member Dashboard, Logout, and Webinar Registration Form. There are also buttons for 'JOIN' and 'MEMBERS'. The main content area has a dark blue header with the text '2021 Awards Entry' and 'QLD Chapter Entry' followed by 'This entry is being made by'. Below this, there is instructional text: 'You can save your application at any time, using the 'save for later' button below. Login to complete your application at any time.' This is followed by 'Instructions:' which states that users are invited to submit as much information as possible to highlight exceptional aspects of the entry, including text, images, graphics, and video. A final instruction asks users to use the 'Save' button at the bottom of the form to continue the submission later. The form fields shown are: 'Project Name *' (text input), 'Individual or Company Application? *' (dropdown menu), and 'Company Name' (text input).

TECHNICAL MEETING

DeLiteEXPO

BRISBANE LIGHTING FAIR

IES Queensland Chapter is looking for an expression of interest regarding "DeLite Expo - Brisbane lighting Fair"

This lighting fair will be showcasing some of the best lighting products available in Brisbane today. Interested Members and IES corporate Members are welcome to participate in presenting for commercial and infrastructure projects.

This is a rare event for Queensland, which will be held centrally to Brisbane in June 2021

We envisage most major lighting companies will showcase their current lighting product in circulation today as well as upcoming lighting innovations, along with guest speakers covering various lighting topics.

Do you feel this is an event for you?

The target audience for this will be architects, lighting designers, electrical engineers, infrastructure planners, road authorities, Councils, project and facility managers.

Please register your organisations interest by sending an email to :
admin@deliteexpo.com.au

EXPRESSION OF INTEREST

Visit: www.deliteexpo.com.au

Welcomes you to attend a
Technical Presentation hosted by GM Poles

WEDNESDAY 14TH JULY AT 12.30PM

Largest pole factory located in Richlands, Brisbane.

The Presentation Topic

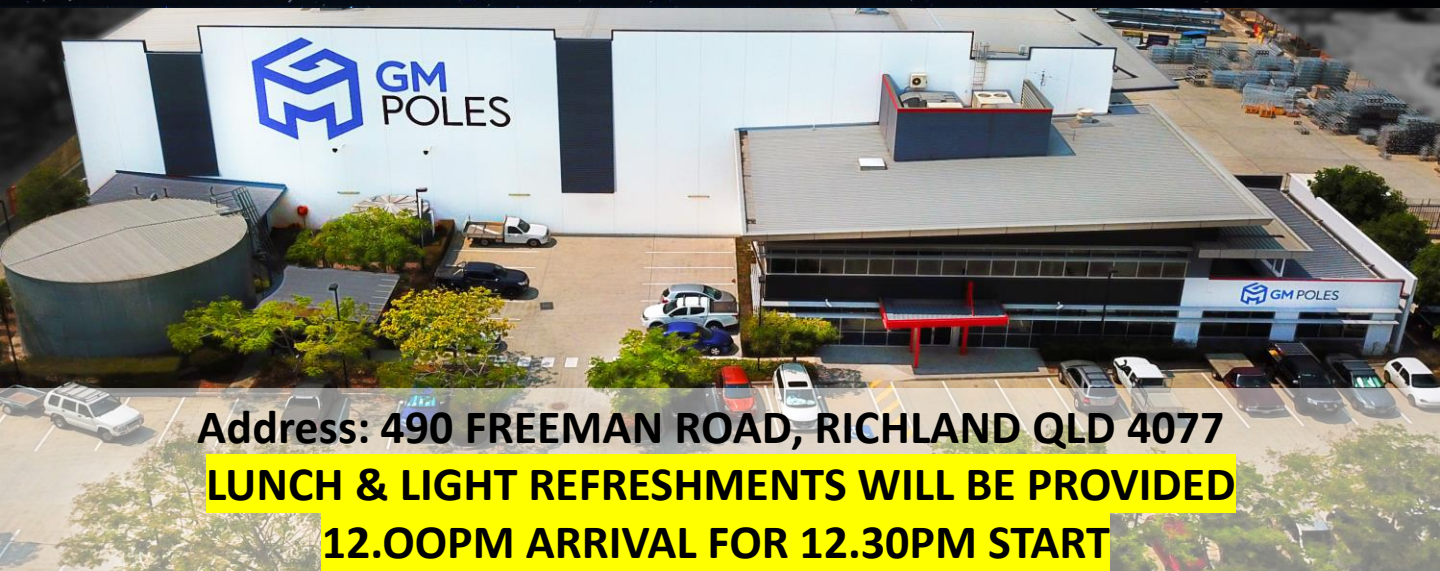

“ Pitfalls of changing existing HID to LED ”

“ A crash course as a pole engineer ”

“ The right pole to suit the right light ”

“ An introduction to multifunction structures ”

“ Access options for pole mounted equipment ”

Address: 490 FREEMAN ROAD, RICHLAND QLD 4077

LUNCH & LIGHT REFRESHMENTS WILL BE PROVIDED

12.00PM ARRIVAL FOR 12.30PM START

OPPORTUNITIES

Business Development Manager | LED Lighting

Join a fast-growing Positive-Impact driven company with an impressive portfolio and happy team based in Pinkenba, Brisbane!

Our client is looking for an experienced Business Development Manager! They offer a flexible workplace with various benefits, and deliver architectural lighting, wholesale supply for commercial construction, and energy efficiency retrofits.

They focus on quality and lifespan, aesthetics, and architectural lighting. They are a distributor, a project manager, and a wholesaler.

**** \$90k Base Salary + Car Allowance + Uncapped Commission (\$150k OTE) + Company Phone and iPad ****

YOUR ROLE

- Nurture existing channel partners
- Undertake site audits using bespoke software so the design team can specify new lighting and generate proposals
- Present the business case to senior executives
- Record all data into the CRM
- Become part of the team driving business strategy
- Contact potential customers and generate new business
- Follow up existing leads and referrals from our partners

REQUIREMENTS

- Strong lighting experience - minimum 4 years
- Proven track record of B2B sales
- Vehicle and drivers license
- Professional presentation and communication skills
- Experience selling energy efficiency retrofits
- Hunger to drive new sales and implement outbound sales campaigns
- Genuine commitment to sustainability and positive impact

PERKS AND BENEFITS

- Supportive backend team who will generate lighting designs and proposals so you can focus on client liaison and sales
- Level of creative control and input on business strategy
- Impressive existing client portfolio
- Monthly paid yoga or meditation (optional)
- Monthly financial literacy training for all staff to improve your personal finances (optional)
- Inbound leads provided
- Be part of something bigger - positive impact company - 50% profits donated to charity - thousands of trees planted etc.

How To Apply

Send your resume to emily@wowrecruitment.com.au

Be sure to cover your 4+ years experience in lighting, personal commitment to generating positive impact, and B2B sales experience.
