

OLD CHAPTER NEWSLETTER

Photo from the Queensland Chapter Awards Dinner

The Illuminating Engineering Society of Australia and New Zealand is an organization with Chapters in the five mainland States of Australia and New Zealand. The Society operates under the name: IES: The Lighting Society.

The aim of the Society is the advancement of the art and science of illumination and the dissemination of knowledge to all interested parties. The Society's diversified membership includes engineers, architects, educators, students, contractors, manufacturers and designers.

Arcus

Arcus is the official newsletter of the QLD Chapter of the Illuminating Engineering Society of Australia and New Zealand.

Memberships

There are two types of membership available: individual and corporate (or company).

For further information on membership contact Queensland Chapter at the ies website.

QLD Chapter Management Committee

President / Secretary: Andrew Chase

Vice President / Lighting Design Awards: Steve Hare

Awards Dinner: Felicity Kammholz & Andrew Chase

Treasurer: Michael Davies

Student Liaison / Membership: Gillian Isoardi

Arcus: Scott McCarthy

Lighting Innovation Awards: Peter Parnell

Education / Courses: Mark Devin

Technical Meetings: Ricky Coombs & Richard Ralph

Board Representative / Advocacy: Trent Dutton

Advertising

To advertise into Arcus please contact the QLD Chapter Secretary at the email address provided on this page.

Pricing for advertising is \$20 for members and \$50 for non-members.

Member Page

IES Qld Chapter members are welcome to submit information on employment changes – including new positions, promotions, and 'available for hire', for inclusion in Arcus. Members wishing to be included are requested to send a photo and a short blurb (20 – 30 words) for inclusion in the newsletter, to the editor, **Scott McCarthy**, at Scott.McCarthy@aecom.com

PRESIDENT'S MESSAGE

Welcome all members to the November instalment of Arcus

It was with great pride and pleasure that the Queensland CMC presented you with another awards dinner on the 5th of November

Thank you to all of the members for attending and thanks also for the suppliers and their guests. A hearty thanks to MC Nicole Dyer from ABC radio Gold Coast and our entertainment for the night Luke Churchill.

I would like to thank our sponsors without whom the night would not be possible.

So, thank you to:

Platinum Sponsor GM Poles to Rob Waters & Andrew Barbour

Thanks also to our Gold Sponsors

Eagle Lighting Thank you Janelle Page

Light and Design Thank you to Simon Casagrande and his team

Raylinc Lighting Thank you to Matt Memory and his team

Signify Thank you to Dean Griffin and Alex Pinto

Sylvania-Schröder Thank you to Michael Davies and his team

Zumtobel Thank you to Ricky Coombs

I would also like to thank CMC members for their time this year and for all of the effort they have put in during 2021'

That's it from me for this year. Enjoy this addition of Arcus and review of the night of 5th November, hopefully catch up with you in 2022.

Wishing all members and their families a Merry Christmas and Happy New Year and a safe holiday period.

As always, please don't forget about our social media platforms:

Or feel free to message me at qldpresident@iesanz.org and 0411258509

IES QLD Chapter would like to encourage our members to register for this valuable and interesting FREE Webinar hosted by EVOLT

Please register your interest as per the link details below

The webinar will be covering “HOW TO SPECIFY LIGHTING CONTROL”

Registration link -

<https://attendee.gotowebinar.com/register/5357871102920560652>

This webinar is targeted to both new and experienced engineers by discussing the challenges associated with today's so called ' Smart Buildings'. How do you design to succeed and ensure your scheme is relevant and future safe?

Broken down into bite-size chunks this webinar highlights some of the challenges we all face with developing a specification, and how that specification is developed into a controls strategy that delivers the end clients' needs, whilst ensuring flexibility for future upgrades.

We also look at how and why a consultant needs to liaise with your controls partner to manage the wider controls strategy.

In this session, Stewart will discuss. client briefs and the information Lighting Management companies require to properly design and cost schemes.

Short, mid and long-term projects.

How standards and trends affect lighting and controls selection.

Developments in wireless technology and how this will interact with the Internet of Things.

HOW TO SPECIFY LIGHTING CONTROL

PRESENTED BY:

Stewart Langdown

ZENCONTROL DIRECTOR OF BUSINESS DEVELOPMENT

“ HOW TO SPECIFY LIGHTING CONTROL “

ABOUT THE SPEAKER

Stewart Langdown describes himself as an educator and facilitator, with the vast majority of his experience gained in the world of Lighting. A specialist in this field, he has further developed knowledge in the wider control of buildings and smart spaces over the years.

In a business development role, he has a strong focus on education and the development of relationships, launching and specifying technologies such as DSI, DALI, and EM Pro Emergency that revolutionised how we interface with lighting.

Stewart is a 25 year member of the Lighting Industry Association LIA Technical Board, the ICEL Technical Board, ICEL Council and LIA Council, and Fellow of the Society of Light and Lighting FSLL. He is also a Lightmonger and Freeman of the City of London.

Stewart has been instrumental in the management and development of some of the leading Lighting, Emergency and Technology companies in the UK market.

A confident presenter, Stewart has spoken to a wide range of audiences on various topics over the years. As an engineer, he has strong technical knowledge of lighting control, drivers, emergency lighting, and the IoT.

AWARDS DINNER

Friday the 5th of November the Queensland CMC had the pleasure of delivering the annual IES Award Dinner for lighting design. We were thrilled to feel the energy in the room as we revealed the entries and interviewed the judges. The MC was Nicole Dyer from ABC Radio Gold Coast
