

QLD CHAPTER NEWSLETTER

The Illuminating Engineering Society of Australia and New Zealand is an organization with Chapters in the five mainland States of Australia and New Zealand. The Society operates under the name: IES: The Lighting Society.

The aim of the Society is the advancement of the art and science of illumination and the dissemination of knowledge to all interested parties. The Society's diversified membership includes engineers, architects, educators, students, contractors, manufacturers and designers.

Arcus

Arcus is the official newsletter of the QLD Chapter of the Illuminating Engineering Society of Australia and New Zealand.

Memberships

There are two types of membership available; individual and corporate (or company).

For further information on membership contact Queensland Chapter at the below address or visit the ies website.

QLD Chapter Management Committee

President: Andrew Chase

Vice President/ Lighting Design Awards: Steve Hare

Annual Dinner: Felicity Kammholz

Secretary & Treasurer: Michelle Knowles

Membership and Education: Quang Tran

Arcus: Adrianna Barr

Lighting Innovation Awards: Eric Isdale

Student Liaison/Educators Committee: Gillian Isoardi

Technical Meetings: Peter Parnell & Michael Dowling

Advocacy: Paul Doig, Trent Dutton & Doug Brimblecombe

Advertising

To advertise into Arcus please contact the QLD Chapter Secretary at the email address provided on this page.

Pricing for advertising is \$20 for members and \$50 for non-members.

Member Page

IES Qld Chapter members are welcome to submit information on employment changes – including new positions, promotions, and 'available for hire', for inclusion in Arcus. Members wishing to be included are requested to send a photo and a short blurb (20 – 30 words) for inclusion in the newsletter, to the editor, **Adrianna Barr**, at adrianna.barr@wsp.com

PRESIDENT'S MESSAGE

Season's Greetings and welcome everyone to the last instalment of Arcus of 2019

In what has been a busy and interesting year in our industry we have seen a few important changes.

Changes to AS/NZS 4282 Control of the obtrusive effects of outdoor lighting and changes to the BCA Part J6 Artificial Lighting and Power and this in turn will change the way we look at Buildings, Landscapes and City Centres not to mention the Freeway and Road Networks that we travel every day.

These changes pave a roadmap for the new technologies creating the growth environment in the market in which we serve. The advent of the "Smart City" has inadvertently included the lighting industry as in the outdoor sense, we are part of the furniture in the "roadscape" already, and in an indoor sense, lighting has slowly moved into the IT space as we know it over the recent past. This points to a very interesting 2020 and with some exciting challenges ahead.

The awards night on Friday the 8th November I believe was a great success as we have found a suitable venue in the Calile Hotel that works for our type of Awards Night and I believe somewhat a little more reverence and respect has been introduced to celebrate the good work of our members. We also tried to open up the judging process with a live forum which was engaging, fun but respectful of all entries. At this end I hope this encourages more entries for next year and opens everyone's eyes to the exciting opportunities that lie ahead.

Special thanks to our CMC members who gave up their time this year to team together to provide you with information to assist you as well as the awards night

I would like to thank all of you for your support over the last year and I hope that we can be of service to you in 2020

A Merry Christmas to all our Members and their Families

That's it from me for this month. Enjoy this addition of Arcus. As always, please don't forget about our social media platforms: Or feel free to message me at qldpresident@iesanz.org

EDUCATION

Expressions of interest are still open for the IESANZ CLDA (Certificate Lighting Design and Application) 2 year course for Brisbane. The course will be undergoing a refresh in 2020, Contact the Education Coordinator, Susan Wall for further information on 0417 057 177 or susan.wall@iesanz.org.

2020 Short Course (2 days) Education Program
Early Bird Discount applies for bookings made in December

INTRODUCTION TO LIGHT COURSE 2020
Brisbane - 26th & 27th of March

THE BASICS OF LIGHTING DESIGN COURSE 2020
Brisbane - 12th & 13th of May

Both of these courses are worth 12 CPD points each will assist towards membership upgrade.

IES AWARDS WRAP UP

Thank you to all who attended and supported the awards night in November. It was a fantastic evening celebrating and recognizing the professionalism, ingenuity and originality in lighting and luminaire design.

It is important that as an industry we publicly promote the achievements of those striving and achieving excellence in lighting. The IES would like to thank all of those who spent the time submitting awards, the judges were very impressed with the array of projects entered.
